Joseph Vogele

February 26, 1998

The Vogele reference was cited by the EPO as technological background only to claims 1-6, 11, 15 and 16 of a foreign counterpart of application number 10/605,249. Figure 1 appears to show part of a detached mobile container for receiving material from a discharge end 20. Figure 3 appears to show an attached mechanism for receiving discharge.

This Information Disclosure Statement shall not be construed as a representation that a search has been completed or that no other material information as defined in 37 C.F.R. §1.56(a) exists, nor shall the submission of any document or the disclosure of any other information in connection herewith be construed as an admission that the information cited is, or is considered to be, material to patentability, or as an admission against interest in any manner.

The above-listed references are, in the belief and opinion of the undersigned, the closest art of which the Applicants are aware as of this date, and it is hereby respectfully requested that this document be considered and made of record in the above-identified application.

It is believed that this disclosure complies with the requirements of 37 C.F.R. §§1.56, 1.97, and 1.98, and the Manual of Patent Examining Procedures §609. If for

some reason the Examiner considers otherwise, it is respectfully requested that the undersigned be called so that any deficiencies can be remedied.

It is respectfully requested that the Examiner indicate consideration of the information by returning a copy of the attached form with initials or other appropriate marks.

Respectfully submitted,

Gregory G. Williams, Reg. No. 31,681
